

# Pump Product Catalogue

Kuplak Minerals Africa (Pty) Ltd

## Your Lasting Partnership

Kuplak Minerals Africa (Pty) Ltd market and supply a wide range of high quality pumps suited for mining and industrial applications. Key criteria of our pumps:

- Wear resistance in corrosive and abrasive applications.
- Extending wear life.
- Improving efficiencies.
- Cost effective solutions.

## Slurry Pumps

Our medium duty & heavy duty slurry pumps have been designed to offer reliability in rugged mining and industrial applications.

Type P Pump

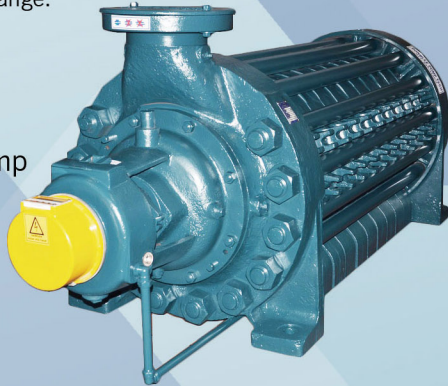

AH Rubber Pump

## Multistage Pumps

We offer a full range of multistage dewatering centrifugal pumps; equivalent to the Sulzer product range.

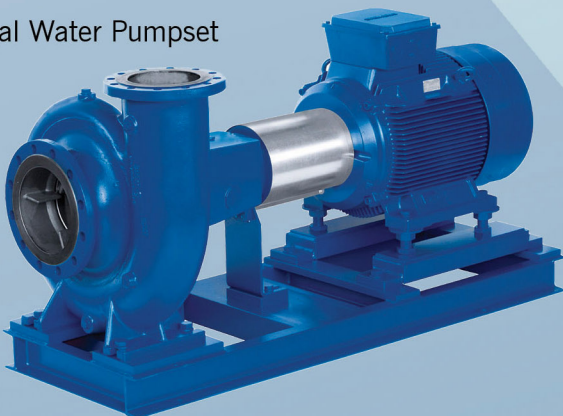

HPH-48-20 Pump

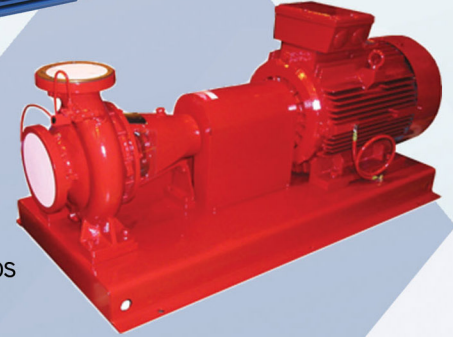

## Water Pumps

Kuplak Minerals can source and supply all types of centrifugal clear water pumps, and can serve any pump configuration or application. We supply SPP Pumps, Harland Pumps, KSB Pumps as well as all equivalent brands and pump sizes.

Centrifugal Water Pumpset

Close-Coupled Water Pumps

Fire Water Pumps

## Submersible Pumps

The Stallion pump range has been designed as an equivalent for the Flyght range as a solution for mining and quarrying dewatering applications containing abrasive particles.

KDP20 Pump

KDP8 Pump

## Vertical Spindle Pumps

Our Stallion vertical spindle range is suited for all sump applications; spillage & carbon transfer. Available in different spindle lengths and materials of construction.

QV65 Pump

Sala Pump

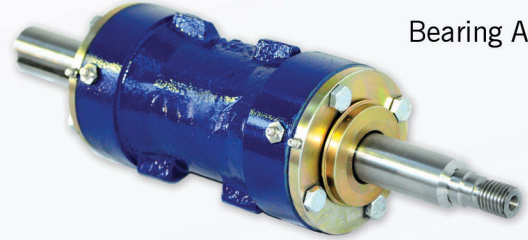

## Replacement Spares

All pumps and spares are manufactured according to strict quality control policies and adhere to specifications.

Ongoing research and development is carried out in developing materials that can withstand the abrasive conditions with which our pumps are faced.

DTV Pump

Bearing Assemblies

## Froth Pumps

The VF pump range have improved tank and impeller designs for more efficiency when pumping frothy slurries.

VF80 Pump

Expellers, Expeller Ring & Stuffing Box

Rubber Liners & Impellers

High Chrome Impellers

## Process Pumps

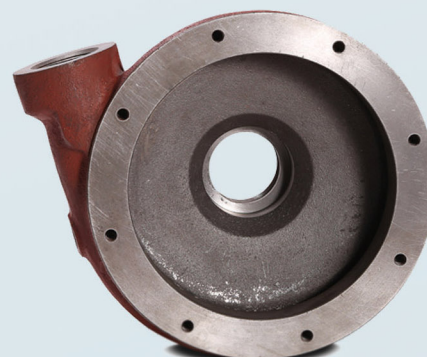

Our chemical process pump range have been designed to meet ASME B73.1 standard specifications for chemical process pumps.

Our Chemical process pumps are a great equivalent to the Samco CP/CSO product range.

Chemical Process Pump

Shaft Sleeves, Glands, Lantern Rings & Bushes

Volute Casings
